(54) **METHOD FOR UPDATING UE CONFIGURATION IN WIRELESS COMMUNICATION SYSTEM AND APPARATUS FOR SAME**

(57) A UE configuration update method in a wireless communication system and an apparatus therefor are disclosed. Specifically, a method for updating a configuration of user equipment (UE) by an access and mobility management function (AMF) in a wireless communication system includes determining whether the configuration of the UE needs to be changed without a request of the UE and transmitting a UE configuration update command message to the UE when the configuration of the UE needs to be changed, wherein the UE configuration update command message includes an updated UE parameter.
