Remarks:
This application was filed on 29.06.2018 as a
divisional application to the application mentioned
under INID code 62.

(54) **ANTI-EXPLOSION GAS GENERATOR FOR HEALTH USE**

(57) An anti-explosion gas generator for health use is provided. The anti-explosion gas generator for health use includes an electrolysis device for electrolyzing water to produce a gas mixture of hydrogen and oxygen. The gas generator for health use further includes a gas mixing system coupled to the electrolysis device for receiving

the gas mixture. The gas mixing system mixes the gas mixture with water vapor, an atomized medicine, a volatile essential oil or a combination thereof to produce a health gas. The health gas is provided for being inhaled by a user.

FIG. 1
